INDEPENDENT AUDITOR'S REPORT

To the Governing Board
Ponderosa Fire District
Bellemont , Arizona

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities , each major fund and the aggregate remaining fund information of the Ponderosa Fire District, Bellemont , Arizona, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities , each major fund and the aggregate remaining fund information of the Ponderosa Fire District, as of June 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Page 2

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Required Supplementary Information and budgetary comparison information, as listed in the Table of Contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Legal and Regulatory Requirements

Arizona Revised Statutes require disclosure of certain additional supplementary information required to comply with section 48-251 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by statute as an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated May 18, 2022, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

PONDEROSA FIRE DISTRICT MANAGEMENT’S DISCUSSION AND ANALYSIS OF BASIC FINANCIAL STATEMENTS

June, 30, 2021

The Ponderosa Fire District (PFD) discussion and analysis provides an overview of the financial activities for the fiscal year ended 2021. Since this information is designed to focus on the current year’s activities, resulting changes and currently known facts, it should be read in conjunction with the financial statements which follow this analysis.

NATURE OF OPERATIONS

Ponderosa Fire District (PFD) was organized as a Special Service District pursuant to the provisions of Chapter 5, Title 48 of the Arizona Revised Statutes – Special Taxing Districts, which sets forth the legal framework for a fire district. PFD provides fire protection and emergency medical services (ALS and BLS) for communities of Parks, Bellemont, A-1 Mountain, Saskan Ranch, other small subdivisions, a large portion of Interstate 40 and a 75 square mile out-of-district response area. As well, several industrial and commercial properties are part of PFD such as New Life Forestry Products, Schuff Steel, IML Containers, Pilot Travel Center, and Days Inn Hotel. Through automatic aid and mutual aid agreements, PFD provides and receives assistance with incidents that require additional responders and resources. PFD also maintains a cooperative agreement with the Arizona Department Forestry and Fire Management (DFFM) to provide personnel and equipment for responses in state and out-of-state for wildland fires and other all-hazard emergency incidents.

FY 2021

With the COVID pandemic and social distancing, PFD continued to support its community whenever possible. Some of these functions and events included but were not limited to.

- § Educational and updated information regarding COVID.
- § Department drive-byes for children’s birthdays and other community events.
- § Public Relations: blood pressure checks, burn permits, CPR classes, etc.
- § Adopt a family in conjunction with the IAFF for Thanksgiving (6 families) and Christmas (8 families)

FINANCIAL HIGHLIGHTS

The following are the financial highlights for the district:

On a cash basis PFD ended the year with \$174,859 in capital funds, \$361,702 in the Station 82 Project Fund and \$415,465 in the general fund. In addition, the district paid a total of \$24,515 in debt services, paying off the KME Fire Engine that was purchased in 2006.

Other than Property Taxes, some of the revenue sources were:

- § Grant income of \$ 40,815
- § Out-of-district wildland assignment income of \$ 61,223
- § Out-of-district response billing of \$ 38,104
- § Subscriptions for Emergency Services of \$ 23,365

Other highlights were:

- § District investment in capital assets decreased by \$31,112 or 5.00%.
- § The District's net position increased by \$331,683 or 23.68% from the previous fiscal year.
- § Total revenues increased by \$117,120 or 10.44% over the previous fiscal year.
- § At the end of the current fiscal year, unrestricted net position for the Governmental Activities was \$1,141,178.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the PFD's basic financial statements. The PFD's basic financial statements are comprised of three components: 1) government-wide financial statements 2) fund financial statements and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statement themselves.

The main purpose of these statements is to provide the reader with sufficient information to assess whether or not the PFD's overall financial position has improved or deteriorated.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements are designed to provide readers with a broad overview of the PFD's finances, in a manner similar to private-sector business.

The statement of net assets presents information on all of the Districts assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the PFD is improving or deteriorating.

The statement of activities presents information showing how the PFD's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

FUND FINANCIAL STATEMENTS

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities and objectives. The PFD, like other state and local governments, use fund accounting to ensure and demonstrate compliance with finance related legal requirements.

NET POSITION JUNE 30, 2021

	BALANCE <u>June 30, 2020</u>	BALANCE <u>June 30, 2021</u>
Net Investment in Capital Assets	\$ 599,136	\$ 591,137
Unrestricted	<u>801,496</u>	<u>1,141,178</u>
Total Net Position	<u>\$ 1,400,632</u>	<u>\$ 1,732,315</u>

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Ponderosa Fire District, Total Net Position was \$ 1,732,315 at the close of the most recent fiscal year.

A large portion of the District's net position reflects its investment in capital assets (e.g., land, construction in progress, buildings, machinery, vehicles, and equipment); less any related debt still outstanding used to acquire those assets. The District uses these capital assets to provide services to Citizens; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The following is a comparative analysis between the current and the prior fiscal year for the government-wide statements.

Condensed Statement of Net Position

	Governmental Activities	
	2020	2021
Assets		
Current and other assets	\$ 903,827	\$ 1,226,716
Capital assets, net	<u>622,249</u>	<u>591,137</u>
Total assets	1,526,076	1,817,853
Deferred outflow of resources	<u>166,201</u>	<u>158,608</u>
Total Assets and outflows of Resources	<u>1,692,277</u>	<u>1,976,461</u>
Liabilities		
Current liabilities	87,947	55,037
Non-Current liabilities	<u>11,470</u>	<u>14,451</u>
Total liabilities	99,417	69,488
Deferred inflow of resources	<u>192,228</u>	<u>174,658</u>
Total liabilities and inflow of Resources	<u>291,645</u>	<u>244,146</u>
Net position:		
Net investment in capital assets	599,136	591,137
Unrestricted (Deficit)	<u>801,496</u>	<u>1,141,178</u>
Total Net Position	<u>\$1,400,632</u>	<u>\$ 1,732,315</u>

The unrestricted net position of \$1,141,178 is available to meet the District's ongoing obligations to citizens and creditors.

Governmental Activities

Governmental Activities net position increased by \$331,683. Key elements of this increase are reported below:

Condensed Statement of Activities

	<u>Governmental Activities</u>	
	<u>2020</u>	<u>2021</u>
Expenditures:		
Public Safety :		
Personnel	\$ 747,683	\$ 765,211
Materials and Supplies	192,870	187,521
Administration	66,506	69,662
Debt Service Interest	3,778	1,402
Depreciation	<u>49,098</u>	<u>31,112</u>
Total Program Expenditures	<u>1,059,935</u>	<u>1,054,908</u>
Revenues:		
Fees for services	94,887	122,692
Capital grants	<u>62,873</u>	<u>40,815</u>
Total program revenues	<u>157,760</u>	<u>163,507</u>
Net Program Expenditures	<u>902,175</u>	<u>891,401</u>
General Revenues:		
Property taxes	789,949	885,350
Fire District Assistance Tax	145,605	161,392
Investment Earnings	25,453	0
Interest Earnings	8,842	6,546
Miscellaneous	<u>94,888</u>	<u>169,796</u>
Total general revenues	<u>1,064,737</u>	<u>1,223,084</u>
Increase (Decrease) in net position	195,841	331,683
Net position, Beginning of the year	<u>1,238,070</u>	<u>1,400,632</u>
Net position, End of the year	<u>\$ 1,400,632</u>	<u>\$ 1,732,315</u>

General Fund Budgetary Highlights

Most revenues for the PFD were derived from assessed property taxes and Fire District Assistance Tax from the County. The following information was derived from cash receipts:

Property Tax Revenue	\$866,255
FDAT	\$161,392
Grant Income	\$40,815
Out-of-District Billing	\$38,104
Wildland Fire State Assignments	\$61,223
Misc.	\$199,706

The legal compliance of budgeting for Special Districts in Arizona is at the fund level. The District did not overspend its budget at the fund level.

The District did, however, over-spend one line item. This was Personnel in the amount of \$3,906. This was due in large part to the Covid pandemic and need for extra personnel.

Capital Assets and Non-Current Liabilities

Capital Assets

The capital assets of the Ponderosa Fire District (PFD) are those assets that are used in the performance of PFD functions. Capital Assets include land, buildings and improvements, emergency vehicles, equipment and furniture and fixtures. In order to continue to provide the best service possible, the PFD spends a portion of the budget on fixed asset acquisition and capital projects.

	<u>BALANCE</u> <u>06/30/2020</u>	<u>BALANCE</u> <u>06/30/2021</u>
<u>Depreciable Assets</u>		
Vehicles	\$ 965,442	\$ 965,442
Buildings	855,176	855,176
Equipment, Admin	6,955	6,955

Equipment, Admin	6,955	6,955
Improvements	53,474	54,108
Equipment, Fire	<u>392,297</u>	<u>400,660</u>
Less: Total Accumulated Depreciation	<u>1,740,207</u>	<u>1,771,319</u>
Depreciable Capital Assets, Net	572,249	541,137
<u>Non-Depreciable Assets</u>		
Land	<u>50,000</u>	<u>50,000</u>
Capital Assets, Net	<u>\$ 622,249</u>	<u>\$ 591,137</u>

Non-Current Liabilities

At year end, the PFD had Non-Current Liabilities of \$14,451. This consisted of compensated absences due in more than one year. All of the debt is backed by the full faith and credit of the PFD.

Changes in Non-Current Liabilities:

	<u>Balance</u> <u>June 30, 2020</u>	<u>Balance</u> <u>June 30, 2021</u>
KME Fire Engine (2)	23,113	0
Total Lease Obligations	23,113	0
Compensated Absences – Due in More than One Year	11,470	14,451
Total Lease Obligations and Compensated Absences	34,583	14,451
Less: Current Capital Liabilities	23,113	0
Totals	<u>\$ 11,470</u>	<u>\$ 14,451</u>

FACTORS AFFECTING FUTURE RESULTS

The Ponderosa Fire District (PFD) is subject to general economic conditions such as increases or declines in property tax value or other types of revenues that vary with economic conditions.

- § PFD has a Strategic Plan in place and will continue development of the multi-year plan that will address financial planning for the acquisition and replacement of capital assets.
- § Residential and commercial development continues to expand in the Bellemont and Parks communities leading to a potential increase in property tax revenue.

CONTACTING THE DISTRICT

This financial report is designed to provide an overview of the District's finances for anyone with an interest in the government's finances. Any questions regarding this report or requests for additional information may be directed to **Ponderosa Fire District, 11951 W. Shadow Mountain Drive Bellemont, AZ 86015.**

AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUND
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED
JUNE 30, 2021**

Exhibit F

**Reconciliation of the change in fund balance-total governmental funds
to the change in net position of governmental activities:**

Net Change in Fund Balances -		
Total Governmental Fund (Exhibit D)	\$	353,905

Amounts reported for governmental activities in the statement of activities (Exhibit B) are different because of the following:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation expense exceeded capital outlay in the current period.		(31,112)
--	--	----------

Net Changes to Deferred Outflows or Inflows of Resources		28,278
--	--	--------

The issuance of non-current liabilities (e.g., bonds, leases, leave) provides current financial resources to governmental funds, while the repayment of the principal of non-current liabilities consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. This amount is the net effect of these differences in the treatment of non-current liabilities and related items.		(19,388)

PONDEROSA FIRE DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2021

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The District is a local governmental unit formed as a political subdivision of the local county which is a political subdivision of the State of Arizona. The District was formed under the provisions of Title 48 of Arizona Revised Statutes. The District operates under the guidance of an elected board, which is the policy making body of the District. The purpose of the District is to provide fire protection, emergency medical and related services to the residents and guests of the District and the surrounding area. The day to day operations are supervised by the Fire Chief and administrative staff.

The District has the power to issue bonds, levy taxes, bill for services and raise revenues with the power of the County government. The District has the power to expend public funds for any legitimate purpose required to further its needs. The District operates as an independent governmental agency directly responsible to the local taxpayers and voters.

Introduction

Accounting principles generally accepted in the United States of America require that the reporting entity include the primary government, all organizations for which the primary government is financially accountable, and other organizations which by nature and significance of their relationship with the primary government would cause the financial statements to be incomplete or misleading if excluded. Blended component units, although legally separate entities, are, in substance, part of the government's operations; therefore, data from these units are combined with data of the primary government. Based on these criteria, there are no component units requiring inclusion in these financial statements.

Basic Financial Statements

The accounting policies for the District conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies are described below.

Government -Wide Statements

The government -wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business -type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to users of the services provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not properly included among program revenues are reported instead as general revenues.

The government -wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental funds

Governmental Fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available as net current assets. All sources of revenue except interest become measurable when the District has rendered a service. Interest revenue is measurable when its rate becomes known. Revenues are considered available if they are received within 60 days of the end of the accounting period. Expenditures are generally recognized when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

The District reports the following major governmental funds:

The *General Fund* is the District's primary operating fund. It accounts for all financial resources of the District, except those required to be accounted for in another fund.

The *Capital Projects Funds* are used to account for the construction of capital projects other than those which are voter approved by a bond issue, funded by operating funds or thru lease/purchase agreements.

Financial Statements Amounts

Cash & Cash Equivalents

All savings, checking and money market accounts with an original maturity of less than 90 days are considered to be cash equivalents.

Prepaid Items

Payments to vendors that benefit future accounting periods are classified as prepaid items until charged to expenditures in the period benefited.

Capital Assets

Capital assets, which include property, plant and equipment, are reported in the applicable governmental columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial individual cost of more than \$2,500 and an estimated useful life of more than two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at the estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend lives are not capitalized.

Property, plant and equipment are depreciated using the straight-line method over the following useful lives:

Buildings	27.5 to 40 years
Equipment	5 to 7 years
Fire Trucks	10 years
Automobiles	5 years
Office Equipment	5 years

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of Net Position and the Balance Sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position or fund balance that applies to a future period(s) and thus, will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, that statement of Net Position and the Balance Sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition

of net position or fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Compensated Absences

Accumulated unpaid vacation and leave time is recorded in the Government -Wide Statement of Net Position.

Non-Current Liabilities

In the government -wide financial statements, non-current liabilities and other non-current obligations are reported as liabilities in the applicable governmental activities in the statement of net position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net Position

Net Position on Government Wide Financial Statements – Exhibit A

Fund Equity, as defined in GASB Statement No. 34, “Basic Financial Statements for State and Local Governments” is defined as net position and is classified in the following categories:

- § Restricted—amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
- § Unrestricted – this balance is the amount of equity which is not included in the restricted fund balance and the Investments in Capital Asset balances.
- § Net Investment in Capital Assets – This consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets.

Fund Balances on Government Fund Financial Statements – Exhibit C

GASB Statement No. 54, “Fund Balance Reporting and Governmental Fund Type Definitions.” This Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government’s fund balances more transparent. The following classifications describe the relative strength of the spending constraints:

- § Nonspendable fund balance—amounts that are not in a spendable form (such as inventory) or are required to be maintained intact.
- § Restricted fund balance—amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
- § Committed fund balance—amounts constrained to specific purposes by the District itself, using its highest level of decision-making authority (i.e., District Board). To be reported as committed, amounts cannot be used for any other purpose unless the Board takes the same highest level action to remove or change the constraint.
- § Assigned fund balance—amounts the District intends to use for a specific purpose. Intent can be expressed by the District Board or by an official or body to which the District Board delegates the authority.
- § Unassigned fund balance—amounts that are available for any purpose. Positive amounts are reported only in the general fund.

The District Board establishes (and modifies or rescinds) fund balance commitments by passage of a resolution. This is typically done through adoption and amendment of the budget. A fund balance commitment is further indicated in the budget document as a designation or commitment of the fund (such as for special incentives). Assigned fund balance is established by District Board through adoption or amendment of the budget as intended for specific purpose (such as the purchase of fixed assets, construction, debt service, or for other purposes).

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amount and disclosures in the financial statements. Actual results could differ from those estimates.

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Information

A fire district shall prepare an annual budget that contains detailed estimated expenditures for each fiscal year and that clearly shows salaries payable to employees

of the district. The budget summary shall be posted in three public places and a complete copy of the budget shall be published on the district's official website for twenty days before a public hearing at a meeting called by the board to adopt the budget. Copies of the budget shall also be available to members of the public on written request to the district. Following the public hearing, the district board shall adopt a budget. A complete copy of the adopted budget shall be posted in a prominent location on the district's official website within seven business days after final adoption and shall be retained on the website for at least sixty months. For any fire district that does not maintain an official website, the fire district may comply with this subsection by posting on a website of an association of fire districts in this state. ARS 48-805.02(a)

Pursuant to ARS 48.805.02(d), all fire districts are required to submit certain information accompanying the budget which has been certified to by the chairman and clerk of the District Board. The budget and the accompanying certification are required to be submitted to the County Board of Supervisors no later than August 1st of each year. Budgets are adopted by the District on basis consistent with Arizona Revised Statutes. Encumbrance accounting is not employed by the District. All appropriations lapse at year-end.

NOTE 3 - DEPOSITS, INVESTMENT RISK & CASH MANAGEMENT

Deposits and Investments

The deposit of public funds is regulated by Arizona Revised Statutes (ARS). ARS 48-807 allows the District to establish bank accounts with any financial institution that is authorized to do business in the State of Arizona for the purpose of operating a payroll account, holding special revenues, ambulance revenues, or both as necessary to fulfill the District's fiduciary responsibilities. The District may also establish, through the Coconino County Treasurer, accounts for monies from property taxes, grants, contributions and donations. The Coconino County Treasurer is required to establish a fund known as the "fire district general fund" for the receipt of all taxes levied on behalf of the District.

The District may register warrants only if separate accounts are maintained by the Coconino County Treasurer for each governmental fund of the District. Warrants may only be registered on the maintenance and operation account, the unrestricted capital outlay account and the special revenue accounts, and only if the total cash balance of all three accounts is insufficient to pay the warrants and only after any revolving line of credit has been expended. Registered warrants may not exceed ninety per cent of the taxes levied by the County for the District's current fiscal year. Registered warrants bear interest as prescribed by statute and are redeemed as provided for by law for County warrants.

Unless monies are legally restricted by contract, agreement or law, those monies may be transferred between fund accounts according to the original or amended budget of the Fire District.

Any surplus remaining in the fire district general fund at the end of the fiscal year shall be credited to the fire district general fund of the district for the succeeding fiscal year and after subtraction of accounts payable and encumbrances, shall be used to reduce the tax levy for the following year.

The District accounts with the Coconino County Treasurer are part of an investment pool operated by the Coconino County Treasurer. The Coconino County Treasurer invests the cash in a pool under policy guidelines established by the Coconino County Treasurer’s office. The County accounts for the investment pool in their Fiduciary Investment Trust Fund. Credit risk, concentration of credit risk, and interest rate risk regarding the Coconino County Treasurer’s Investment pool is included in the Comprehensive Annual Financial Report of the County. The fair value of each participant’s position in the Coconino County Treasurer’s Investment Pool approximates the value of the participant’s shares in the pool.

Financial institutions accepting governmental monies in the State of Arizona are required to collateralize at 102% all government deposits which exceed the FDIC insurance limit. The current FDIC limit is \$250,000 for the total of all interest bearing accounts and \$250,000 for the total of all demand deposit accounts. The collateralization is required to be separately identifiable securities and be held by a third party financial institution or trust agency. ARS (Title 35) requires this to be monitored by the Arizona State Treasurer’s Office.

The District may also place monies in investments which are subject to the risks identified below.

The following is a summary of the Cash and Cash Equivalents held by financial institutions at June 30, 2021:

DEPOSITORY ACCOUNTS:

	General Fund	Capital Projects Fund	Capital Projects Station 82 Fund	Total
	<u> </u>	<u> </u>	<u> </u>	<u> </u>
Coconino County Treasurer Investment Pool	\$ 459,170	\$ 174,859	\$ 361,702	\$ 995,731
Total Deposits	459,170	174,859	361,702	995,731
In Transit Items	<u>(17,538)</u>	<u>0</u>	<u>0</u>	<u>(17,538)</u>
Total Cash & Cash Equivalents	<u>\$ 441,632</u>	<u>\$ 174,859</u>	<u>\$ 361,702</u>	<u>\$ 978,193</u>

GASB Statement No. 72 establishes standards for measuring fair value and applying fair value to certain investments, establishes a three-tier hierarchy of inputs to valuation techniques used to measure fair value and enhances disclosures related to fair value hierarchy and valuation techniques.

These fair value measurement reporting levels are:

- Level 1 - Quoted prices in active markets for identical assets.
- Level 2 - Significant other observable inputs.
- Level 3 - Significant unobservable inputs.

Investments by fair value level:

Coconino County Treasurer Investment Pool	Level Two
---	-----------

External investment pools measured at fair value:

Coconino County Treasurer Investment Pool	<u>\$ 995,731</u>
Total	<u>\$ 995,731</u>

Custodial Credit Risk. Custodial credit risk is the risk that, in the event of the failure of the counterparty, the system will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Investments in external investment pools and in open-end mutual funds are not exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form.

Foreign Currency Risk Arizona Revised Statutes do not allow foreign investments.

Investment Policy the District does not have a formal policy with respect to credit risk, custodial credit risk, concentration of credit risk, interest rate risk, or foreign currency risk.

Credit Risk – Credit Risk is the risk that an issuer or other counterparty to an investment in a debt security will not fulfill its obligations. The District has no investment policy that would further limit its investment choices other than what is in the Arizona Revised Statutes (ARS). The Coconino County Treasurer’s Investment Pool (CCTIP) are external investment pools with no regulatory oversight. The CCTIP is not required to register (and is not registered) with the Securities and Exchange Commission. As of June 30, 2021, the CCTIP had not received a credit quality rating from a national rating agency.

Arizona Revised Statutes (ARS) authorize the District to invest in obligations of the U.S. Treasury and federal agency securities, along with certain public obligations such as bonds or other obligations of any state of the United States of America or of any agency, instrumentality, or local governmental unit of any such state of which the

District invests, that are rated in the highest rating category of nationally recognized statistical rating organizations.

Obligations of the U.S. government or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk.

Concentration of Credit Risk Concentration of credit risk is associated with investments in any one issuer that represent 5 percent or more of total investments. Investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments are considered as excluded from this requirement.

Arizona Revised Statutes do not include any requirement for concentration of risk.

Interest rate risk: This is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

The Coconino County Treasurer invests the cash in a pool under policy guidelines established by the Coconino County Treasurer's office (the County). The County accounts for the investment pool in their Fiduciary Investment Trust Fund. Credit risk, concentration of credit risk, and interest rate risk regarding the Coconino County Treasurer's Investment Pool (CCTIP) is included in the Comprehensive Annual Report of the County. The fair value of each participant's position in the CCTIP approximates the value of the participant's shares in the pool.

NOTE 4-RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and the public; and natural or manmade disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims from these risks have never exceeded commercial insurance coverage for the District.

In addition, as the owner and operator of emergency response vehicles, the District is exposed to a high risk of loss related to these activities. The District carries commercial insurance on all vehicles and requires insurance coverage on all privately owned vehicles used for District activities.

NOTE 5 - INVENTORIES

The costs of governmental fund-type inventories are recorded as expenditures when purchased. All inventories of the District are considered immaterial.

NOTE 6 - RECEIVABLES

General and governmental fund receivables are recorded as received except for those funds collected and held by other governments on behalf of the Fire District. These amounts are recorded as soon as they are measurable and available in accordance with governmental accounting standards.

NOTE 7 – PROPERTY TAX REVENUE RECEIVABLE

Property Tax Receivables arise when property taxes are levied but not currently collected. The collectible portion (taxes levied less estimated uncollectible) are recorded as deferred inflow of resources in the period when an enforceable legal claim to the assets arises.

NOTE 8 - CAPITAL ASSETS

Capital asset activity for the year ended.

	<u>BALANCE</u> <u>06/30/2020</u>	<u>ADDITIONS</u>	<u>DELETIONS</u>	<u>BALANCE</u> <u>06/30/2021</u>

Capital Assets, Net	<u>\$ 622,249</u>	<u>\$ (31,112)</u>	<u>\$ 0</u>	<u>\$ 591,137</u>

NOTE 9 - DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES

Pursuant to GASB Statement No. 63, “*Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position,*” and GASB Statement No. 65, “*Items Previously Reported as Assets and Liabilities,*” the District recognized deferred outflows of resources in the governmentwide statements. These items are a consumption of net position by the District that is applicable to a future reporting period. Previous financial reporting standards do not include guidance for reporting those financial statement elements, which are distinct from assets and liabilities. The District reports the deferred inflows and outflows as follows:

	Governme ntwide <u>Activities</u>
Government -Wide Deferred Outflows :	
Related to OPEB (PSPRS)	\$ 2,722
Related to Pensions (PSPRS)	155,886
Total Government -Wide Activities	<u>\$ 158,608</u>
Government -Wide Deferred Inflows :	
Related to OPEB (PSPRS)	\$ 5,321
Related to Pension (Pension)	169,337
Total Government -wide Activities	<u>\$ 174,658</u>
	Governmental <u>Activities</u>
Unavailable Revenues	
Deferred Property Taxes	\$ 21,561
Total Governmental Activities	<u>\$ 21,561</u>

NOTE 10 - CONTINGENT LIABILITIES

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the government expects such amounts, if any, to be immaterial.

NOTE 11 – ACCUMULATED COMPENSATED ABSENCES

Accumulated unpaid compensated absences are accrued in the Government -Wide Statement of Net Position. The accrual at year end consisted of \$ 3,613 payable in less than one year and \$ 14,451 payable in future years.

Sick time at June 30, 2021 was \$ 50,115. Sick time is not payable upon termination and is not accrued in the Financial Statements.

NOTE 12 – CURRENT LIABILITIES

Accounts Payable are liabilities considered due and payable in 60 days or less.

Current liabilities are those liabilities payable within one year or less.

The District utilizes an unsecured revolving credit line with JP Morgan Chase thru the Coconino County Treasurer. The amount of the Line of Credit is \$100,000. Interest on this line of credit is based on a percentage of the Prime rate at the time the line of credit is utilized. This number changes as the Prime Rate changes. The District routinely pays the balance in full when funds are available.

Changes in Current Liabilities:

	<u>Balance</u> <u>June 30, 2020</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance</u> <u>June 30, 2021</u>
Accounts Payable	\$ 17,659	\$ 0	\$ 6,725	\$ 10,934
Payroll Taxes Payable	18,901	0	4,193	14,708
Wages Payable	25,406	376	0	25,782
Compensated Absences	2,868	745	0	3,613
Capital Leases Payable	<u>23,113</u>	<u>0</u>	<u>23,113</u>	<u>0</u>
Totals	<u>\$ 87,947</u>	<u>\$ 1,121</u>	<u>\$ 34,031</u>	<u>\$ 55,037</u>

NOTE 13- LINE OF CREDIT

The District has an available line of credit with the County totaling \$100,000. The line of credit expires at the end of each fiscal year. At that time, per statute, the money borrowed is expected to be paid back in full.

The interest rate is determined by the County and is usually a percentage of the prime interest rate at the time of the repayment of the line of credit. The repayment occurs at various times during the year as money becomes available to the District.

The District did not have a balance outstanding on this line of credit as of June 30, 2021 and at that time no interest rate had been established.

NOTE 14- COMMITMENTS

A commitment is an obligation arising from an existing contract, agreement or legislative enactment or regulation that will become an actual liability upon the fulfillment of specified conditions. At the close of the Fiscal Year, the District had no committed funds.

NOTE 15 – NON-CURRENT LIABILITIES

In the government-wide financial statements, non-current liabilities and other non-current obligations are reported as liabilities in the applicable governmental activities in the statement of net position .

General Obligation Bonds

The District does not currently have any general obligation bonds.

Operating Leases

The District does not currently have any operating leases.

Notes Payable

KME Fire Engine: On January 30th, 2006, the District entered into a lease/purchase agreement for a KME Fire Engine financed by First Banker. The lease/purchase was in the amount of \$239,300 with an interest rate of 6.068% with annual payments of \$24,516 ending on December 1st, 2020. A final payment of \$24,515 was made to pay the note in full during the fiscal year.

<u>Description</u>	<u>Interest Rate</u>	<u>Lease Term</u>	<u>Balance</u> <u>06/30/21</u>
KME Fire Engine	6.068%	12/01/2020	\$ 0

The following assets were acquired through capital leases:

	<u>Cost</u>	<u>Accumulated</u> <u>Depreciation</u>	<u>Carrying</u> <u>Value</u>
KME Fire Engine	<u>\$ 239,300</u>	<u>\$ 239,300</u>	<u>\$ 0</u>
Total	<u>\$ 239,300</u>	<u>\$ 239,300</u>	<u>\$ 0</u>

Changes in Non-Current Liabilities :

	<u>Balance June 30, 2020</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance June 30, 2021</u>
KME Fire Engine	23,113	0	23,113	0
Total Lease Obligations	23,113	0	23,113	0
Compensated Absences – Due in More than One Year	11,470	8,397	5,416	14,451
Total Lease Obligations and Compensated Absences	34,583	8,397	28,529	14,451
Less: Current Capital Liabilities	23,113	0	23,113	0
Totals	<u>\$ 11,470</u>	<u>\$ 8,397</u>	<u>\$ 5,416</u>	<u>\$ 14,451</u>

NOTE 17 – NET POSITION/FUND BALANCE

The District’s Net Position balances consist of restricted, unrestricted, non-spendable, and net investment in capital assets amounts.

The District’s Governmental Funds fund balances consist of restricted, committed, assigned, non-spendable and unassigned amounts.

Restricted balances are amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.

Committed fund balances are amounts constrained to specific purposes by the District itself, using its highest level of decision-making authority (i.e., District Board). To be reported as committed, amounts cannot be used for any other purpose unless the Board takes the same highest level action to remove or change the constraint.

Assigned fund balance is amounts the District intends to use for a specific purpose. Intent can be expressed by the District Board or by an official or body to which the District Board delegates the authority.

Unassigned fund balance is amounts that are available for any purpose. Positive amounts are reported only in the general fund.

Nonspendable balances are amounts that are not in a spendable form such as inventories or pre-paid expenses.

Net Position :

Net Investment in Capital Assets	\$ 591,137
Unrestricted	<u>1,141,178</u>
Total Net Position	<u>\$ 1,732,315</u>

Governmental Fund Balances :

Assigned – Capital Reserve	\$ 536,561
Unassigned Fund Balances	<u>415,465</u>
Total Fund Balance	<u>\$ 952,026</u>

NOTE 18 - PROPERTY TAXES

The District is authorized to levy property taxes in an amount sufficient to operate the District. This levy cannot exceed three dollars and twenty-five cents per one hundred dollars of assessed valuation. It also cannot exceed the amount of the levy in the preceding tax year multiplied by 1.08.

The District levies real property taxes on or before the third Monday in August that become due and payable in two equal installments. The first installment is due on the first day of October and becomes delinquent after the first business day of November. The second installment is due on the first day of March of the next year and becomes delinquent after the first business day of May.

The District also levies various personal property taxes during the year, which are due at the same time as real property taxes. A lien assessed against real and personal property attaches on the first day of January preceding assessment and levy.

The taxpayers may, by vote of the electorate, authorize a permanent override, depending upon certain criteria being met. The taxpayers also may authorize the issuance of bonds for capital acquisitions in addition to the operating taxes referred to above.

The County collects a County-Wide Fire District Assistance Tax (FDAT) and distributes the funds to all Fire Districts in the County, according to a formula established by state law. The maximum awarded to a District cannot exceed \$400,000 per year.

NOTE 19 – EMPLOYEE RETIREMENT SYSTEMS AND POST EMPLOYMENT PLANS

The District and employees contribute to a retirement plan. This plan is the Public Safety Personnel Retirement System (PSPRS). Benefits for non-public safety personnel are established based on contributions to the plan. For public safety personnel, state statute regulates retirement, death, long-term disability, and survivor insurance premium benefits.

The cost of postemployment healthcare benefits, from an accrual accounting perspective, should be associated with the periods in which future costs are earned rather than in the future years when they will be paid (similar to the cost of pension benefits), GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* requires the District to recognize the entire OPEB liability and a comprehensive measure of OPEB expense. The comprehensive measures of OPEB expense includes immediate recognition in OPEB expense of the effects of changes of benefit terms, as well as the incorporation of the amortization of deferred inflows of resources and deferred outflows of resources related to OPEB over a defined, closed period.

At June 30, 2021, the District reported the following aggregate amounts related to pensions and other post-employment benefits (OPEB) for which it contributes:

	PSPRS PENSION	PSPRS OPEB	PSPRS (COMBINED)
Net asset	\$ 196,098	\$ 5,607	\$ 201,705
Net liability	0	0	0
Deferred outflows of resources	155,886	2,722	158,608
Deferred inflows of resources	169,337	5,321	174,658
Pension & OPEB expense	54,771	1,440	56,211

Public Safety Personnel Retirement System

Plan Description – The District entered into a Joinder Agreement with the Arizona State Public Safety Personnel Retirement System (PSPRS), an agent multiple-employer defined benefit pension plan, and an agent multiple-employer defined benefit health insurance premium plan to all full-time personnel engage in fire suppression or hazardous duty activities and/or fire support. A nine-member board known as the Board of Trustees and the participating local boards govern the PSPRS according to the provisions of A.R.S. Title 38, Chapter 5, Article 4.

District public safety employees who became PSPRS members before July 1, 2017 participate in the agent plans, and those who became members on or after July 1, 2017, participate in the cost-sharing plans (PSPRS Tier 3 Risk Pool). A defined contribution plan is only available to those members who became a member on or after January 1, 2012.

The PSPRS issues a publicly available financial report that includes their financial statements and required supplementary information of PSPRS. The reports are available on the PSPRS Web site at www.psprs.com or may be obtained by writing to Public Safety Personnel, 3010 E. Camelback Road, Suite 200, Phoenix, Arizona 85016 or calling (602) 255-5575

Benefits Provided – The PSPRS provides retirement, health insurance premium supplement, disability, and survivor benefits. State statute establishes benefit terms. Retirement commences the first day of the month following termination of employment. Retirement, disability, and survivor benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

TIER 1 – Members prior to December 31, 2011

1. 20 years of credited service: 50% of the average monthly benefit compensation for the first 20 years of service.
2. Age 62 with 15 years of service, or 20 years of service with less than 20 years of credited service: 50% of the average monthly benefit compensation for the first 20 years of credited service. The pension is reduced by 4% per year for each year of credited service under 20 years.
3. 20 to 24.99 years of credited service: 50% of the average monthly benefit compensation for the first 20 years of credited service plus 2% of the average monthly benefit compensation for each year of credited service between 20 and 24.99 years.
4. 25 or more years of credited service: 50% of the average monthly benefit compensation for the first 20 years of credited service plus 2.5% of the average monthly benefit compensation for each year of credited service above 20 years – up to a maximum of 80% of the average monthly benefit.

TIER 2 – Members joining between January 1, 2012 and June 30, 2017

1. Age 52.5 with 15 years of credited service but less than 25 years: average monthly benefit compensation times a multiplier that varies by years of service, from 1.5% to 2.5% per year of service, times the number of years of service.
2. Age 52.5 with 25 years of credited service: 62.5% of the average monthly benefit compensation. Benefits will be reduced by 4% for each year of credited service under 25 years.
3. 25 or more years of credited service: 62.5% of the average monthly benefit compensation for the first 25 years of credited service plus 2.5% of the average monthly benefit compensation for each year of credited service above 25 years – up to a maximum of 80% of the average monthly benefit compensation. The pension is reduced by 4% for each year of credited service under 25 years with a pro-rata reduction for any fractional years.

TIER 3 – Members joining July 1, 2017 or after

1. Age 55 with 15 or more years of credited service: average monthly benefit compensation times a multiplier that varies by years of service from 1.5% to 2.5% per year of service, times the number of years of service – up to a maximum of 80% of the average monthly benefit compensation.

2. An individual who became a member on or after July 1, 2017, and reaches age 52,5 with at least 15 years of credited service may take an early retirement; however, the amount of his or her retirement benefit is actuarially reduced.

This group of members will enroll in a hybrid plan, which has elements of both a defined benefit and defined contribution plan. Employees who are part of this group may also elect to participate in a defined contribution plan in lieu of the hybrid plan. If enrolling in the hybrid plan, benefits (defined benefit portion only) commence on the first day of the month following termination of employment.

“Average Monthly Benefit Compensation” is defined differently for each tier above. The definitions are as follows:

Tier 1- is the 36 consecutive months of highest compensation within the last 20 years of service.

Tier 2- is the 60 consecutive months of highest compensation within the last 20 years of service.

Tier 3- is the 60 consecutive months of highest compensation within the last 15 years of service.

Disability benefits are calculated as follows:

Accidental Disability Retirement: 50% of average monthly compensation, or normal pension, whichever is greater.

Catastrophic Disability Retirement: 90% of average monthly compensation for the first 60 months. Thereafter, the benefit is the greater of 62.5% of the average monthly compensation or the members accrued normal pension.

Ordinary Disability Retirement: A percentage of normal pension on employee’s credited service (maximum 20 years divided by 20).

Survivor benefits are paid on behalf of an active member in the amount of 80% of the pension based on the calculation for an accidental disability retirement. If the member was killed in the line of duty, the benefit is 100% of the member’s average monthly compensation. The benefit amount is allocated to the surviving spouse and, if applicable, eligible children. If there is no surviving spouse, and there is at least one eligible child, the guardian of the eligible child(ren) are the recipients of the benefit. If there is no surviving spouse or eligible child(ren), the member’s named beneficiary on file will receive the member’s accumulated contributions. Benefits are paid on behalf of inactive, non-retired member to the member’s named beneficiary in the amount of member’s accumulated contributions. Death benefits are paid on behalf of a retired member in a manner similar to an active member. The surviving spouse (if married for at least two consecutive years at the time of the member’s death) will receive 80% of the members pension benefit for lifetime. The surviving children and guardian provisions are the same as those regarding active members, with the exception that the percentages received are based upon the pension amount as opposed to the amounts referenced above for active members. If there is no surviving spouse or eligible child(ren), the member’s named beneficiary on file will receive the member’s accumulated contributions less the pension payment made to the member.

Health insurance premium benefits are available to retired or disabled members with 5 years of credited service. The benefits are payable only with respect to allowable health insurance premiums

for which the member is responsible. Benefits range from \$150 per month to \$260 per month depending on the age of the member and dependents.

Employees covered by benefit terms – At June 30, 2021, the following employees were covered by the agent pension plan’s benefit terms:

	<u>PSPRS</u>	
	<u>Pension</u>	<u>OPEB</u>
Inactive employees or beneficiaries currently receiving benefits	0	0
Inactive employees entitled to but not yet receiving benefits	1	0
DROP	0	0
Active employees	<u>4</u>	<u>4</u>
Total	<u>5</u>	<u>4</u>

Contributions – Arizona Revised Statutes establish the pension contribution requirements for active PSPRS employees. In accordance with state statutes, annual actuarial valuations determine employer contribution requirements for PSPRS pension and health insurance premium benefits. The combined active members and employer contribution rates are expected to finance costs of benefits employees earn during the year, with an additional amount to finance any unfunded liability. Contribution rates for the year ended June 30, 2021, are indicated below. Rates are a percentage of active members’ annual covered payroll.

	<u>Active member Pension</u>	<u>District Pension</u>	<u>Health insurance Premium benefit</u>
Active members - pension	7.65%		0.13%
District:			
Pension	12.38%	12.38%	0.35%
Tier 3 Risk Pool	9.05%	9.05%	0.13%

District contributions to the plans for the year ended June 30, 2021, were:

	<u>Net pension</u>	<u>Net OPEB</u>
PSPRS	\$ 43,660	\$ 793

Pension Liability – The net assets and net liabilities were measured as of June 30, 2020, and the total liability used to calculate the net asset or liability was determined by an actuarial valuation assumptions based on the results of an actuarial experience study for the 5-year period ended June 30, 2016, including decreasing the investment rate of return from 7.5% to 7.4%, decreasing the wage inflation from 4% to 3.5%, and updating mortality, withdrawal, disability, and retirement assumptions. The total pension liabilities for PSPRS also reflect changes of benefit terms for legislation that changed benefit eligibility and multipliers for employees who became members

between January 1, 2012 and June 30, 2017, and a court decision that decreased the contribution rates for the employees who became members before July 20, 2011.

At June 30, 2021 the District reported the following assets and liabilities:

	Net pension (asset) liability	Net OPEB (asset) liability
PSPRS	\$ (196,098)	\$ (5,607)

Actuarial assumptions – The significant actuarial assumptions used to measure the total pension/OPEB liability are as follows:

<i>Actuarial valuation date</i>	June 30, 2020
<i>Actuarial cost method</i>	Entry Age Normal
<i>Actuarial Assumptions:</i>	
Investment rate of return	7.30%
Wage inflation	3.5% for pensions/not applicable for OPEB
Price inflation	2.5% for pensions/not applicable for OPEB
Cost-of-living adjustment	1.75% for pensions/not applicable for OPEB
Permanent benefit increase	Included for pensions/not applicable for OPEB
Mortality rates	PUB-S-2010 tables
Healthcare cost trend rate	Not applicable

Actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2017.

The long-term expected rate of return on PSPRS pension plan investments was determined to be 7.30 using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return *
US public equity	23%	4.93%
International public equity	15%	6.09%
Global private equity	18%	8.42%
Other assets (capital appreciation)	7%	5.61%
Core bonds	2%	0.22%
Private credit	22%	5.31%
Diversifying strategies	12%	3.22%
Cash – Mellon	<u>1%</u>	-0.60%

Discount Rates – At June 30, 2020, the discount rate used to measure the PSPRS total pension/OPEB liabilities was 7.3%, which was unchanged from the discount rate used as of June 30, 2019. The projection of cash flows used to determine the PSPRS discount rates assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between the actuarially determined contribution rate and the member rate. Based on those assumptions, the plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension/OPEB liability.

Pension/OPEB

Changes in the Net Pension/OPEB Liability

	Total Pension Liability	Pension Increase (Decrease) Plan Fiduciary Net Position	Net Pension Liability	Total OPEB Liability	Health insurance premium benefit Increase (Decrease) Plan Fiduciary Net Position	Net OPEB Liability
Balances At June 30, 2020	\$ 269,143	\$ 487,633	\$ (218,490)	\$ 5,680	\$ 12,608	\$ (6,928)
Changes for the current year:						
Service Cost	54,771	0	54,771	1,440	0	1,440
Interest on the total pension liability	23,646	0	23,646	527	0	527
Changes of benefit terms	0	0	0	0	0	0
Differences between expected and actual experience in the measurement of the total liability	18,403	0	18,403	290	0	290
Change of assumptions or other inputs	0	0	0	0	0	0
Contributions – Employer	0	43,660	(43,660)	0	793	(793)
Contributions – Employee	0	28,000	(28,000)	0	0	0
Net investment income	0	6,532	(6,532)	0	156	(156)
Benefit payments, including refunds of employee contributions	0	0	0	0	0	0
Hall/Parker Settlement	0	0	0	0	0	0
Other changes	0	(3,764)	3,764	0	(13)	13
Net Changes	<u>96,820</u>	<u>74,428</u>	<u>22,392</u>	<u>2,257</u>	<u>936</u>	<u>1,321</u>
Balances at June 30, 2021	<u>\$ 365,963</u>	<u>\$ 562,061</u>	<u>\$ (196,098)</u>	<u>\$ 7,937</u>	<u>\$ 13,544</u>	<u>\$ (5,607)</u>

Sensitivity of the District’s net pension liability to changes in the discount rate – The following table presents the District’s net pension/OPEB liability calculated using the discount rates noted above, as well as what the District’s net pension/OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

	1% Decrease 6.30%	Discount Rate 7.30%	1% Increase 8.30%
Net OPEB liability	\$ (4,335)	\$ (5,607)	\$ (6,659)
Net pension liability	\$ (125,649)	\$ (196,098)	\$ (249,389)

Pension plan fiduciary net position – Detailed information about the pension plan’s fiduciary net position is available in the separately issued PSPRS financial report. The report is available on the PSPRS website at www.psprs.com.

Pension expense and deferred outflows/inflows of resources – For the year ended June 30, 2021, the District recognized pension expense for PSPRS of \$ 54,771 and \$ 1,440 as OPEB expense.

At June 30, 2021, the District reported deferred outflow and inflows of resources related pensions and OPEB from the following sources:

	Pension		Health Insurance Premium Benefit	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 53,630	\$ 169,337	\$ 845	\$ 5,321
Changes of assumption or other inputs	28,950	0	348	0
Net difference between project and actual earnings on pension plan investments	29,706	0	736	0
Contributions subsequent to the measurement date	453,600	0	793	0
Total	<u>\$ 155,886</u>	<u>\$ 169,337</u>	<u>\$ 2,722</u>	<u>\$ 5,321</u>

The amounts reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	Pension Net Deferred Outflows of Resources	OPEB Net Deferred Inflows of Resources
Year Ending June 30:		
2022	\$ (2,697)	\$ (161)
2023	(994)	(99)
2024	(1,391)	(111)
2025	(3,216)	(157)
2026	(9,501)	(316)
Thereafter	(39,252)	(2,548)
	<u>\$ (57,051)</u>	<u>\$ (3,392)</u>

**PONDEROSA FIRE DISTRICT
NOTES TO BUDGETARY COMPARISON SCHEDULE
FISCAL YEAR ENDED JUNE 30, 2021**

NOTE 1 – BUDGETARY REQUIREMENTS AND BASIS OF ACCOUNTING

In accordance with the Arizona Revised Statutes, the District is required to adopt an annual operating budget no later than August 1st. The budget is adopted on a basis consistent with generally accepted accounting principles and appropriations lapse at year-end.

NOTE 2 - OVER-EXPENDITURE OF BUDGET LINE ITEMS

The legal compliance of budgeting for Special Districts in Arizona is at the fund level. The District did not overspend its budget at the fund level.

The District did, however, over-spend one line item. This was Personnel in the amount of \$3,906. This was due in large part to the Covid pandemic and need for extra personnel.

**PONDEROSA FIRE DISTRICT
NOTES TO PSPRS PENSION/OPEB PLAN SCHEDULES
FISCAL YEAR ENDED JUNE 30, 2021**

Actuarial determined contribution rates for PSPRS are calculated as of June 30 two years prior to the end of the fiscal year in which contributions are made. The actuarial methods and assumptions used to establish the contribution requirements are as follows:

Actuarial cost method:	Entry age Normal
Amortization method:	Level percent-of-pay, closed
Remaining amortization period:	20 years; if the actuarial value of assets exceeded the actuarial accrued liability, the excess was amortized over an open period of 20 years and applied as a credit to reduce the normal cost which otherwise would be payable.
Asset valuation method:	7-year smoothed market value; 80%/120% market corridor
Wage growth:	In the 2014 actuarial valuation, wage growth was decreased from 4.5% to 4.0 - 8.0%. In the 2014 actuarial valuation, wage growth was decreased from 4.5% to 4.0%. In the 2013 actuarial valuation, wage growth was decreased from 5.0% to 4.5%
Projected Salary Increases:	In the 2017 actuarial valuation, projected salary increases were decreased from 4.0%-8.0% to 3.75%-7.5%. In the 2014 actuarial valuation, projected salary increases were decreased from 4.5%-8.5% to 4.0%-8.0%. In the 2013 actuarial valuation, projected salary increases were decreased from 5.0%-9.0% to 4.5%-8.5%
Investment Rate of Return	In the 2017 actuarial valuation, the investment rate of return was decreased from 7.5% to 7.4%. In the 2016 actuarial valuation the investment rate of return was decreased from 7.85% to 7.5%. In the 2013 actuarial valuation, the investment rate of return was decreased from 8.0% to 7.85%.
Retirement age:	Experience-based table of rates that is specific to the type of eligibility condition. Last updated for the 2012 valuation pursuant to an experience study of the period July 1, 2006 - June 30, 2011.
Mortality:	In the 2017 actuarial valuation, changed to RP-2014 tables, with 75% of MP-2016 fully generational projection scales RP-2000 mortality table (adjusted by 105% for both males and females)
Assumed future permanent benefit increases:	Members retiring on or before July 1, 2011: 2% of overall average benefit compounded annually. All members receive the same dollar amount of increase. Members retired on or after August 1, 2011: 0.5% of overall average benefit compounded annually. All members receive the same dollar amount of increase.

Arizona courts have ruled that provisions of a 2011 law changing the mechanism for funding permanent pension benefit increases and increased employee pension contribution rates were unconstitutional or a breach of contract because those provisions apply to individuals who were members as of the law's effective date. As a result, PSPRS changed benefit terms to reflect the prior mechanism for funding permanent benefit increases for those members and revised actuarial assumptions to explicitly value future permanent benefit increases. PSPRS also reduced those members' employee contribution rates. These changes are reflected in the plans' pension liabilities for fiscal year 2015 (measurement date 2014) for members who were retired as of the law's effective date and fiscal year 2018 (measurement date 2017) for members who retired or will retire after the law's effective date. These changes also increased the PSPRS-required pension contributions beginning in fiscal year 2016 for members who were retired as of the law's effective date. These changes will increase the PSPRS-required contributions beginning in fiscal year 2019 for members who retired or will retire after the law's effective date. Also, the District refunded excess employee contributions to PSPRS members. PSPRS allowed the District to reduce its actual employer contributions for the refund amounts. As a result, the District pension contributions were less than the actuarially or statutorily determined contributions for 2018 and 2019.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Governing Board
Ponderosa Fire District
Bellemont , Arizona

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities , each major fund and the aggregate remaining fund information of the Ponderosa Fire District, Bellemont, Arizona, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated May 18, 2022.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the district's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the district's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**THIS PAGE

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH STATE OF ARIZONA FIRE DISTRICT REGULATORY REQUIREMENTS

To the Governing Board
Ponderosa Fire District
Bellemont, Arizona

Report on Compliance

We have audited the Ponderosa Fire District's (the District) compliance with the requirements of Arizona Revised Statutes Title 48-805 for the year ended June 30, 2021, and have issued our report thereon dated May 18, 2022. Our audit included test work on the District's compliance with the selected requirements identified in the State of Arizona Revised Statutes and the Arizona State Constitution including, but not limited to, Title 48, Chapter 5, Article 1 and ARS 48-805.

Management's Responsibility

The management of the District is responsible for compliance with all requirements identified above.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance with those requirements based on our audit; specifically, the following statements:

1. That the District has not incurred any debt or liability in excess of taxes levied and to be collected and the monies actually available and unencumbered at that time in the District general fund except for those liabilities as prescribed in section 48-805, subsection B, paragraph 2 and sections 48-806 and 48-807.
2. That the District complies with subsection F of section 48-805.
3. Whether the audit or report disclosed any information contrary to the certification made as prescribed by subsection D, paragraph 1 of section 48-805.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether material noncompliance with the requirements referred to above occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the District's compliance with those requirements.

Opinion

In our opinion, the District complied with the requirements identified above for the year ended June 30, 2021.

The purpose of this report is solely to describe the scope of our testing of the applicable compliance requirements identified in the Arizona Revised Statutes as noted above and the results of that testing based on the state requirements. Accordingly, this report is not suitable for any other purpose.
